

CUTTY

Special Scissors for Appliqués and Embroideries

For the Perfect Cut!

Only professionally finished embroideries look precious. The special range of scissors CUTTY offers the ideal tool for perfect results – whether used for intricate appliqués or neat removal of separating threads and jump stitches in fine embroideries. Five different sizes make difficult cutting work a snap.

GUNOLD[®]

CUTTY

Item No. 573 | curved:

Medium-sized appliqués can effortlessly be handled with this type of scissors. The curved blades let you easily follow curved seams ensuring neatly cut results.

Total length: 10.5 cm

Item No. 572 | curved:

Small, handy and with short curved blades this type of scissors is perfect for small appliqués and cutting off threads. Even the smallest cutouts can be dealt with precisely, thanks to its fine points.

Total length: 9 cm

Item No. 571 | curved:

New Scissors with Extra Long Shanks

Due to their blunt, curved tips, these scissors are especially suited for cutting embroidery backings as well as for trimming appliqué fabric that is still on the sewing machine. Cut-away backings may be trimmed closely along the design edge without harming the fabric. The extra long shanks facilitate the cutting of the thread behind the sewing machine needle.

Total length: 14 cm

Item No. 575 | straight:

Best cutting results on small appliqués with straight lines can be achieved with short, straight-type scissors. They're equally handy for removing thread ends and fraying threads accurately and in no time.

Total length: 9.5 cm

Item No. 574 | Snipper:

Thanks to the practical tweezer technique the Snipper cuts threads and frayed areas in a snap. With an ergonomic grip it lets you remove threads as closely to the fabric surface as needed – for particularly neat and professional results.

Total length: 11.5 cm

◆ Dispatch and packing size: Individual packing

Professional materials for high-quality embroidery results – tried and tested in the clothing, promotion and home textile industries. For more information visit our website www.gunold.de!
