

BOBBY

Extra-Fine Bobbin Threads for Embroideries

The Optimum Bobbin Thread for Perfect Embroideries!

Neat on the surface – and thanks to BOBBY – just as perfect underneath! A fine and smooth yet tear resistant bobbin thread is indispensable for the processing and special impact of embroideries. BOBBY is the ideal complement for high-quality upper threads.

Its prewound version is extremely convenient for multihead embroidery machines: ready-to-use bobbins with an even thread delivery and identical length of thread for every single bobbin. This guarantees easy handling and extremely short changeover intervals when setting up the machines.

Care Instructions:

Pre-Wound Bobbin Thread:

BOBBY FIL 110 L with core and side discs

- ◆ Continous filament thread
- ◆ Material: 100% polyester
- ◆ Colour range: white and black
- ◆ With Oeko-Tex Certificate: Tested for harmful substances.

BOBBY FIL 120 L no core and no sides

- ◆ Continous filament thread
- ◆ Material: 100% polyester
- ◆ Colour range: black and white
- ◆ With Oeko-Tex Certificate: Tested for harmful substances.

General Information:

- ◆ Thread strength:
BOBBY FIL 110 L : Nm 120/2; dtex 84/2
BOBBY FIL 120 L: Nm 113/2; dtex 90/2
- ◆ Make-up:
BOBBY FIL 110 L –
Bobbins of 120 m each
BOBBY FIL 120 L –
Colour white, Bobbins of 130 m,
Colour black, Bobbins of 125 m
- ◆ Dispatch and packing size:
Minimum order: BOBBY FIL 110 L
and 120 L: 144 spools = 1 carton each

A small amount of BOBBY FIL 120 L will remain in the bobbin case. This residue is thermally bonded and cannot be used for embroidery.

Care Instructions:

◆ Advantages of ready-to-use bobbins:

- Even thread delivery
- Practically lint-free processing
- Precisely equal runlength of all bobbins, i.e. they're finished simultaneously.
- Significantly greater runlength
- Only one step necessary for setting up machines with bobbin thread, which minimises stoppage times.

Professional materials for high-quality embroidery results – tried and tested in the clothing, promotion and home textile industries. For more information visit our website www.gunold.de!
