

COTTY

Processing Recommendations:

- ◆ **Needle:**
Use needle ORGAN No. 90/14 SES with thread strength 12, and standard needle Organ No. 75/11 SES with thread strength 30.
- ◆ **Bobbin Thread:**
For best results, use BOBBY SYN 120, BOBBY FIL 110 L.

Care Instructions:

- ◆ **The special tip!**
After embroidering, roughing up – with FILAINE / COTTY 12

After embroidering, treat the areas of a motif that you would like to have a furry look with the special brush „FILAINE BRUSH“.

Tip!

For embroideries on coarse fabrics, SOLVY will prevent stitches from disappearing in the fabric, thus enhancing that special needlework touch.

Professional materials for high-quality embroidery results – tried and tested in the clothing, promotion and home textile industries. For more information visit our website www.gunold.de!
